II. REFINEMENT PROMPTS

- Correction I am a Computer Engineering Student.
- I like the theme overall but what about dark mode.
- Add a "Banner" or "Photo" above thats related to my stuff or just a nature image up to you.
- Make sure to highlight each “Header” text for easy viewer experience
- Add a Toggle for both Dark mode and Light mode

IV. REFLECTION

What worked well: the portfolio structure, smooth scrolling, dark mode toggle, and the new banner all fit together nicely.

What needed manual fixing: correcting your major to Computer Engineering and adding the theme toggle/banner after the first build.

What I learned about prompting: being very specific about identity, vibe, and must-have features helps a lot, and mentioning exact corrections up front saves time.
